

CONTENTS

Contribution to the fungal study of the Sant Joan de l'Erm and the Santa Magdalena valley II	1
J. MONTÓN & C. CORTÉS	
Contribution to the knowledge of the fungal flora of the Balearic Islands (Spain). XVI	13
J.L. SIQUIER & J.C. SALOM	
A new combination and three new species of <i>Lichenochora</i> (<i>Phyllachorales</i>, lichenicolous Ascomycota), and additional reports for the genus	27
J. ETAYO & P. NAVARRO-ROSINÉS	
Two interesting <i>Laccaria</i> founded in Girona	45
M.À. PÉREZ-DE-GREGORIO & N. MACAU	
New or rarely recorded fungi from Catalonia (Spain) X	51
M. TABARÉS & A. ROCABRUNA	
<i>Gelatinopsis heppiae</i> sp. nov. (<i>Leotiales</i>, Ascomycota) lichenicolous fungus on <i>Heppia despreauxii</i> from Aragon (NE Spain).	57
P. NAVARRO-ROSINÉS, N.L. HLADUN & X. LLIMONA	
An unknown taxon of the Mediterranean coast: <i>Marasmius epiphyllus</i> var. <i>plantaginis</i>.	65
P.-A. MOREAU & N. MACAU	
About the presence of <i>Polycoccum versisporum</i> (lichenicolous fungi, <i>Dacampiaceae</i>) in the Catalan Pirinees and the identification of his host	71
E. GAYA & P. NAVARRO-ROSINÉS	
Contribution to the study of fungi in the Balearic Islands. Menorca. I.	79
G. MIR & J.LL. MELIS	
<i>Phanerochaete crassa</i> (Lév.) Burds., a new record for the Iberian Peninsula	93
I. SALCEDO & I. OLARIAGA	
<i>Russula flavispora</i> Romagn., a rare species found in Catalonia	101
J. LLISTOSELLA, M.À. PÉREZ-DE-GREGORIO & L. LLORENS-VAN-WAVEREN	
<i>Cantharellus ilicis</i> sp. nov., a new species from the Mediterranean Basin collected in evergreen <i>Quercus</i> forests	107
I. OLARIAGA & I. SALCEDO	
 <i>Errata et corrigenda</i>	50
Index of new taxa, combinations and names, included in this issue	100
Instructions to Authors	117
